

TIMSHELL FARM GUARDIAN HOME PROGRAM - FOR FAMILIES IN NEW MEXICO

We have three females that we'd like to get into Guardian Homes as soon as we can! We love to have our females live in homes, and they come back to us to be bred, and then again to have their puppies. Usually, we have our guardian females provide two litters, and then they are spayed. It's such a winning situation for everyone, including and especially the dog! They get to live with a great family in their home, we have wonderful puppies and the guardian home family gets a great dog at no cost.

If you are interested in becoming a Guardian Home for one of our beautiful females, please contact me directly at timshellfarm@gmail.com. Below are the three females available now for Guardian Homes.

SKYE – 2-year-old female CavaPooChon with soft curl coat, sweet personality, very intelligent. She weighs about 16 lbs. She will need brush-up training for a couple of weeks for her potty training, and some basic training review with Steve Haynes, trainer... we will pay for one session to help get them started. Skye is a beautiful dog, very loving, lots of fun.

ROSIE – 18-month-old, Cava-Poo. Rosie is small – about 10 lbs. She is lively, funny, smart, very affectionate and is a great little companion. She has a wavy coat and a great face. She is a deep, mahogany red. She will need brush-up training for a couple of weeks for her potty training, and some basic training review with Steve Haynes, trainer... we will pay for one session to help get them started.

AIMEE – 2 years old. She's a Cavachon (Cavalier X Bichon). She's got a beautiful, soft-curl coat and has the teddy-bear face. Aimee is not an "Alpha" but is confident. She likes male dogs, and likes some females but not all of them! She might do best in a home with a male dog, or in a home where she is the only dog. She will need brush-up training for a couple of weeks for her potty training, and some basic training review with Steve Haynes, trainer... we will pay for one training session to help get them started.
